

*The message  
of The Bucharest University of Economic Studies  
on the occasion of the 90<sup>th</sup> anniversary  
of Cracow University of Economics*

*The celebration of 90 years since the foundation of Cracow University of Economics gives us the pleasant opportunity to address you our sincere congratulations, along with our full consideration for the outstanding activity carried out, as well as for the continuous and fruitful efforts of your academic community members.*

*We are following with a great, collegial and friendly interest the constant efforts that you are making for the improvement of the professional education and research, through the programs carried out on a high scientific level, and we do appreciate the manner in which you are building an exceptional multicultural academic tradition.*

*Wishing that the teaching process be based on new principles, ensuring the compatibility between both, Romanian and European higher education, we rely on a permanent dialogue and a fruitful collaboration related to education, research and documentation issues between Cracow University of Economics and The Bucharest University of Economic Studies.*

*Congratulations for all your achievements during the 90 years of existence!*

*We wish you success in all activities for further development of your university and of the Polish higher education!*

*Happy Anniversary!*
